**home. Construction is underway for the main home with a capacity for more children.**

### What would you do?

- \* General construction
- \* Help the children with math, reading, computers, music, art, sports, etc.
- \* Household projects such as sewing, canning, organizing, cleaning
- \* Possible outreach to neighborhood children through Bible school

*“Serving at Refuge Ranch with my team was not only a time of true joy, but also a great witness of God’s love, power and faithfulness on that mountain. Our ministry to the dump in Mexico City was both humbling and life-changing – an awesome way to carry the light of Christ to those living in darkness. I urge you to go - be a part of the ministries of Refuge Ranch and be forever changed by the heart of God!”*

Teresa Moore, administrative assistant

*“Having been involved with numerous ministry opportunities, I thought I knew what to expect at Refuge Ranch. Instead, I was completely blown away by the miraculous power of God as revealed through the lives of the Zaragoza family. What might have become of these children had they continued on the destructive, abusive paths of their lives is horrifying. God’s transformation of these young lives through Julie and Victor is incredible, and inspires me to be an instrument of His love as well.”*

## Evangelistic Medical Mission Crusades

Crusades meet physical and spiritual needs in remote poverty-stricken regions of Mexico.

### Personnel needed:

Doctors	EMTs
Nurses	Dentists
Hairdressers	Children’s workers
General volunteers	

*“What a blessing it was to join Fishers of Men on an Evangelistic Medical Mission Crusade! I volunteered to help provide dental care in underserved areas of Mexico, not really knowing what to expect. I found the crusade both challenging and eye-opening. I was stretched in my abilities as a pediatric dentist, but God provided the patience and patients (many grateful children and adults) needed. I witnessed the gratitude of individuals as their physical and spiritual needs were met and the compassion of fellow crusaders joyfully meeting these needs. I left with my heart full and an eagerness to return when I get the opportunity.”*

Joe Inman, pediatric dentist

*“Why do I keep returning for another medical mission? This is a ministry that not only treats the maladies of the population but also the souls of these people. Each person is individually treated, counseled, encouraged, and prayed with. Through giving I receive.”*
