November 2024

Julie Classen, Director

Evangelistic Medical Mission Crusades Update

By God's grace many of the Evangelistic Medical Mission Crusade volunteers met on Sunday, November 3, at our church here in Mexico. This gave our new medical mission directors, Kevin and Yueminis Gonzales, the opportunity to get to know the volunteers. During our time together we recalled God's vision and purpose for the medical mission portion of Fishers of Men as well as His faithfulness throughout these last 21 years.

What a blessing to then look forward to the 2025 medical mission calendar! The first crusade under Kevin and Yue's leadership will take place on December 7th of this year at Peace Christian Church (Iglesia Cristiana de Paz), the church we attend. We covet your prayers that those who attend the crusades may have hearts open to

the Holy Spirit, that each volunteer represents Christ effectively and for provision of the physical and human resources required to carry out the crusades. To God be the glory for great things He has done...is doing...and will do!

And Jesus said to them, Follow me and I will make you become fishers of people. Mark 1:17

Life at Refuge Ranch

What makes each of my children unique...their personalities, their interests, their talents, their quirks, their opinions and ways of seeing life...and discovering each day more about each of them makes parenting so interesting and fun! Then, supporting each of them in their

adventures of discovering God's special plan for which they were created, sometimes walking alongside, sometimes helping, sometimes gently nudging and sometimes standing back (even when they struggle) constitutes one of the greatest challenges of parenting!

Eighteen-year-old Anna has always possessed musical talent! As a toddler she could sing on key and as a little girl she enjoyed piano lessons with Grandma, although she prefers playing by ear! This fall Anna pursued one of her dreams, learning guitar, and graduated from a semester-long music and worship course at a local ministry training school! We are proud of you, Anna! Friends, please pray that each child, youth and young adult at Refuge Ranch may choose to follow Jesus day in and day out, fulfilling His plans and purposes!
